

Dear

Hello! I am writing to ask for your support for our school. On Friday, October 5, the students from my school will spend time walking, biking or rollerblading around the block to raise money for our school. The money we raise helps pay for classroom supplies and library resources. During the week before the school marathon we spend time praying for many different people that are important to us. We pray for the students and families that attended OLV before us, for our community that supports us, for our teachers that guide us in learning, and for kids around the world that do not have a good school like ours to attend.

You can support me by making a flat donation or by pledging an amount for each lap around the block I make. Anything you can contribute would be great!

Thank you for your support and have a great fall!

Sincerely,

---

Please submit this portion with your donation and mail to Our Lady of Victory School, 426 West Cavour Ave, Fergus Falls, MN 56537 Thank you!
