**Home and School elections** are due now in May. Having received no new candidates for the Home and School board, the officers will continue as follows: Stephanie Wolden President, Danielle Jensen Vice President, Christine Markovetz Treasurer, Kristina Miley Secretary.

**Board of Education elections** will be held Memorial Day weekend at all 3 masses along with Parish Council elections. The bios and pictures of those running will be posted on the school website for review. A flier will also be included in this weekend's bulletin. Any families that are not OLV members are welcome to cast their vote in the office with Becky the week of May 20-24. Thank you to those that have agreed to run.

**The Scrip program will be having a couple changes** this next school year. We have seen a big increase in families making their \$100 registration goal so we are happy to offer scrip as a way of helping cover the cost of tuition. Families that are committed to utilizing scrip can apply the amount over the \$100 registration to their final months of tuition next year. This can be an easy way for families wanting to reduce their tuition responsibilities. We had 4 families earn over \$200 by simply using gift cards for their regular shopping! The earning potential is up to families.

**We are blessed with a wonderful school library and classroom libraries!**

Help your child find and return late or missing books so that others can enjoy them as well. Please check in your family envelope to see if your child has a note from the library with overdue or missing books. **Last day to check out library books is May 17<sup>th</sup>.....all books are due May 22<sup>nd</sup>.**

**Summer opportunities:**

**Epic!:** Many classes use epic! as a resource for audio books, educational videos and more. Epic! is offering 3 months for \$3 for new customers if families would like to take advantage of this opportunity over the summer. If interested go to [getepic.com/Summer-of-Reading](http://getepic.com/Summer-of-Reading) to find out more. We know that students that spend time reading over the summer retain their skills significantly better than those that do not read for 3 months!

**iXL:** All students have accounts for iXL that are accessible over the summer as well. This math and reading practice can be used on a desktop computer through a web browser or through the iXL app on a tablet or mobile device. Students can work at, above or below their grade level on skills.

**Yearbooks are here.....**if you ordered a yearbook, it was sent home with your student today.
